## Win a Fujitsu LCD Monitor

Around the world, the Fujitsu name stands for advanced technology, quality, creativity and reliability. Fujitsu is a leading provider of Internet-focused information technology solutions for the global marketplace. Its pace-setting technologies, high reliability/performance computing and telecommunications platforms, and worldwide corps of systems and services experts make Fujitsu uniquely positioned to unleash the infinite possibilities of the broadband Internet to help its customers succeed. This beautifully black monitor simply speaks volumes of typically Elegant Fujitsu. Just take out the screen, attach the stand and voila, you're good to go. If only all monitors were that simple. The Fujitsu really is hassle-free and unlike most monitors, the screen display is pretty impressive right out of the box.
